D.O. letter from the Dewan of Mysore to the Resident Mr. W. Macworth Young, dated, Bangalore, 1st October 1896.

If you can kindly expedite the orders of the Government of India regarding the proposed re-employment of Dr.McGann in Mysore, after retirement from the British Service, it will be most convenient in many ways. Her Highness hopes the Government of India will be able to accede to her proposals and would like to know the decision early. Dr. McGann is naturally very anxious to know something definite about his future and he is unable to take the leave which he so much wants before knowing it. Dr.Benson is also anxious to know his future position in the State,and yourself as the Maharaja's guardian would like some more satisfactory arrangement regarding the Medical Officer in attendance upon His Highness. Altogether we have a good case for a pressing reminder to the Government of India.

2 2

D.O. letter from the Dewan of Mysore to Col:Robertson, Resident in Mysore. dated,Mysore, 27th January 1897.

I beg to submit herewith the enclosed file of papers regarding the appointment of a successor to Dr.Benson for the charge of His Highness the Maharaja, the Palace and such other work as we may be able to assign to him at Mysore and elsewhere. The details of the last named work may be reserved for final settlement hereafter in consultation with Dr.Smyth whom the Durbar propose to appoint if you yourself are able to concur in the proposal. After the most careful enquiry I have been able to make, Dr.Smyth appears to be the very best man professionally that we can secure for the appointment. His duties will require for ~~the appointment~~ some months residence at Bangalore and Ooty during the time the Maharaja is at those places. His Headquarters will ordinarily be at Mysore where an official Residence will be provided for him. At Bangalore and Ooty he should provide for his own accommodation but he will be entitled to travelling allowances when residing at these places. The salary I propose for him is Rs.850+300=1150 a month consolidated. The Durbar will pay him Exchange Compensation Allowance under the British Rules, besides the prescribed Pension and Leave contribution. Under these conditions I beg to apply for a loan of his services for a period of five years certain. I would like him to join as quickly as possible. The family propose to move to Ooty in the second week of March. About the middle of April the 2nd Princess' confinement is expected. It will be at Ooty. Dr.Smyth should become well acquainted with all members of the family before this event comes off. I shall under these circumstances be very greatly obliged to you if you can secure him as quickly as possible by means of telegraphic communication with the Govts of Madras and India.

I also understand that Mr.Fraser is anxious that H.H. the Maharaja should have a special Medical Officer in charge of him as

quickly as possible, as Dr.Benson is unable to reside in Mysore or go to Ooty owing to the administrative duties of the office of Senior Surgeon.

Contract from D.O. letter dated 4th January/97 from the Resident to the Dewan -

P.S.

" Iwill take action at once about Surg: Major Smyth. I hear
" he is in every way desirable. Dr.McGann wired 3or 4 days
" ago saying he had not yet made up his mind. I send you (un-
" officially) copy of telegram I then sent him and copy of
"the message despatched today. It is impossible to keep the
" matter pending indefinitely . Since writing the foregoing
" I find that your Memo bears the same date as McGann's tele-
" gram to me (24th). "Shall reply definitely soon as possible
" to that telegram mine of the 26th 10:58 was a reply. I think
therefore before wiring to Govt: I had better give Dr.McGann
" a few days more to digest my telegrams of 26th & today."

D.O. letter from the Dewan of Mysore to Col: Robertson, Resident in Mysore. dated, Mysore, 11th February 1897.

I have duly received your D.O. of the 30th ultimo in which you proposed to defer action in regard to a loan of Dr.Smyth's services, till Dr.McGann had had a few days to digest your telegrams. Dr.McGann's hesitation was due to his waiting to see a letter I had written to him ~~when he telegraphed~~ on 8th January, but which apparently had not reached him when he telegraphed to you, owing to his being on the move in the interior. However, when I learned from his telegram dated, Fort Stedman, 13th January, that he would not return from Kongtung whither he was going for 5 or 6 weeks, I wired to him on 17th idem as follows:-

" Mysore Surgeonship requires immediate filling. Wait
" -ing for two months inconvenient and therefore I
" am proceeding to fill it."

It was after waiting for 10 days, I applied to you for the loan of Dr.Smyth's services.

I have since seen Dr.Smyth. He impressed me most favorably. He is giving up his very good prospects in Madras he naturally feels a little nervous that his loan to Mysore is only for five years. I assured him that the Durbar would very gladly make the terms of his loan 7 or 10 years instead of 5, should the British Government agree. Practically the Durbar will ask to get the term of his loan extended from time to time as it expires, till in due course he gets his promotion to a Colonelcy and has to leave our service as Dr.McGann had to do.

I think it will be desirable to designate him "Durbar Physician" or some such name, as I am proposing to leave a local medical officer as District Civil Surgeon of Mysore

I had a discussion with Dr.Benson and Dr.Smyth regarding distribution of work between Dr.Smyth and the local Civil Surgeon and I think it can be satisfactorily arranged.

I also think that it would be desirable to make some arrangement for a house at Bangalore where he is to spend more than half the year. I should be willing, if you approve, to give him a house-allowance to enable him to keep a house at Bangalore all the year round.
